

GoTeach Framework

What is GoTeach all about?

The goal of the GoTeach program to improve educational opportunity for young people and equip them with employability skills necessary for an independent life

A New Framework (from 2023)

Studies show how career-related activities and attitudes are associated with better adult employment results. We want to increase our impact by ensuring a minimum of three activities with each young person through our GoTeach program.

GoTeach pool of interventions: 3 areas

MANDATORY: 3 INTERVENTIONS

1 EXPOSE

Activities that present ideas, information and concepts about the world of work and career development

Workplace visit,
career fair, career talk

2 EXPLORE

Activities in which young people actively explore and investigate the world of work and develop specific skills

Employability skills training,
CV writing and interview skills training,
logistics-related training, job shadowing,
mentoring

OPTIONAL

3 PRACTICE

Activities that offer young people close and more sustained opportunities for observation and participation in one or more workplaces

Internship,
Apprenticeship
