We want to...

...provide vocational orientation for refugees.

...strengthen social engagement among our employees.

...enable access to education for refugee children and young people in transit.

By...

...offering internships and special programs with the prospect of training and employment.

...motivating employees in our branch offices to support refugees in their local areas.

...launching a pilot scheme to develop models for Education in Emergencies and working closely with SOS Children’s Villages and Teach For All to achieve this goal.

REFUGEE AID FACTS & FIGURES*
